

PhD PAWEŁ IWANECZKO

mob. +48 503 124 502

e-mail: p.iwaneczko@gmail.com

PERSONAL INFORMATION

- Date of birth: 8 November 1986
- Place of birth: Kędzierzyn-Koźle

EXPERIENCE

- 10/2023 – now Senior Embedded Software Developer, Conclusive Engineering Sp. z o.o. , Katowice, Poland
- Responsibilities:
- Software Architect
 - Programming: C / C++ Embedded
 - OpenBMC / Yocto (NSMD Core Team)
 - PlatformBMC / Robot / Jenkins (NVIDIA USA Team)
 - Embedded Video-phone application with Qt / Buildroot
- 09/2019 – 12/2023 Software Development Team Leader/Manager, ENDEGO, Gliwice, ENDEGO, prev. CADM Automotive, Gliwice, Poland
- Responsibilities:
- Team management
 - Software Architect
 - Programming: C Embedded, C++, C#, Java Android
 - DC/DC automotive charger development C/C++ Embedded
 - Development of a tool for integration tests of LCD displays manufactured for trucks, on the production line. CI/CD project implemented in many technologies: C#, MVVM, WPF, C++17, CMake, C, SQL, TCP/IP. UDS protocol implemented by team with PDX parsing. Using Vector Tools: CANoe, vFlash. Implementing Vector/PCAN USB boxes drivers. Creating ASPICE documentation like Software Requirements, Integration Tests Specification. Generation Code signed software for client delivery
 - Software development of nrf52 processors in C / C ++. The development of the detection algorithm is based on a three-axis accelerometer in a device located on the windshield of the vehicle that communicates with the driver's mobile device via Bluetooth Low Energy. Signal processing, research, crash tests. Linux, CMake, CI / CD, docker, Jenkins
 - A project in the field of automation and robotics regarding the creation of an innovative device allowing people using manual wheelchairs to overcome stairs and other architectural obstacles on their own (wheelstair.com)

- o Analysis of R&D works as part of a project implemented for one of the clients, management of the work of the team implementing design works in the field of software / hardware, consulting technical problems in the field of prototype construction, selection of final solutions
- 05/2018 – 08/2019 Software Development Manager, Aircom AI Automotive, Gliwice,
Responsibilities:
 - o Programmer C/C++, Java Android, JavaScript, Qt/QML, CMake, Jenkins, Conan, Xerces XML
 - o ASTECH Proxy-developer – Special SCRUM role with privilege for code reviewing and merging
 - o Team management
- 01/2018 – 04/2018 Software and Embedded Systems Developer – Digital System Technologies
Responsibilities:
 - o Team management
 - o Development of the embedded U-RFID radio based system. C#, WPF
- 04/2017 – 12/2018 Assistant – academic teacher at Silesian University of Technology
- 01/2017 – 03/2017 Freelancer / C++ Software Developer, VRTechnology, Gliwice
Responsibilities:
 - o Development of fast asynchronous multitask TCP/HTTP server for data storing EKG measurements in MySQL DB. C++/ boost.asio
- 12/2015 – 02/2016 Freelancer / C++ Software Developer, Silsense Technologies, Gliwice
Responsibilities:
 - o Development of 3D map application for UAV localization system (own 2D/3D Graphical Engine was implemented with OpenGL libraries)
- 02/2011 – 12/2018 C/C++/C# Software Developer , Silesian University of Technology, Gliwice
Responsibilities:
 - o Conducting classes with students and teaching programming languages
 - o PhD in Technical Science – digital signal processing, algorithms, statistics analysis
 - o Team management
 - o Programming embedded systems in C/C++ and C#
 - o Creating documentation and software architecture
 - o Contractor in 8 research and development projects, including 6 related to defense and national security (NCBiR reports)
 - o Contractor in the WIMA project (Virtual Mast as a platform for observation sensors for the needs of the Border Guard) in 2015-

2018 - substantive works and technical consultations in the field of factory testing of devices

September 2010 Apprenticeships in ASTER ZAK Sp. z o.o. in Kędzierzyn-Koźle
06/2007 – 09/2007 Security Guard of Sport and Entertainment Hall AZOTY in Kędzierzyn-Koźle for Patron Service Sp. z o.o. ul. Postępu 2, 02-676 Warszawa

EDUCATION

10/2012 – 09/2019 Silesian University of Technology at the Faculty of Automatic Control, PhD in Technical Sciences: topic: „Application of inertial sensors in pedestrian navigation”
02/2011 – 09/2012 Silesian University of Technology at the Faculty of Automatic Control, Electronics and Computer Science, Master’s degree (MSc.), topic: „Management and control of UAV group”
10/2007 – 01/2011 Silesian University of Technology at the Faculty of Automatic Control, Electronics and Computer Science, Bachelor of Engineering degree (BE), topic: „Autonomous control of unmanned aerial vehicle in Prepar3D environment”
09/2005 – 05/2007 Management and Marketing at the Faculty of Fundamental Problems of Technology at the Military Academy of Land Forces (WSOWL) named after gen. Tadeusz Kościuszko in Wrocław (one year of military service)
09/2002 – 05/2005 II High School named after Nicolaus Copernicus in Kędzierzyn-Koźle at the mathematical-physical profile

SKILLS AND QUALIFICATIONS

PROGRAMMING

- Programming languages: C/C++, C#, Java, Java Android, JavaScript, QML
- Embedded: STM32 ARM Cortex M3/M4, STM8, nrf52
- Technologies/Tools: WPF, WCF, XAML, Forms, MVVM, Prism, Xamarin, Mono, OpenGL, DirectX, OpenCV WPF, WCF, XAML, Forms, MVVM, Prism, Xamarin, Mono, OpenGL, DirectX, OpenCV, Qt, Doxygen, GIT, SVN, Mercurial, AGILE, SCRUM, Jira, Confluence GitLab, CI/CD, Jenkins, CMake, Conan , Yocto, meson, claude-code
- Web: HTML, XML, PHP, JS, json
- Data bases: Oracle, MySQL
- Operating systems: Windows, Linux, Android, Mac
- IDE: Visual Studio Professional, VSCode, Cursor, vim

KNOWLEDGE OF FOREIGN LANGUAGES

- Polish – native language
- English – advanced, proficient in speech and writing (C1)
- German – basic (A1)

ADDITIONAL INFORMATION

- Driving license of B category
- Porfolio: <https://1drv.ms/u/s!AgkAKPGpP-91gahf5O0cGWbCDPvTPQ?e=UfH8lq>
- GitHub: <https://github.com/piwaneczko>
- LinkedIn: <https://www.linkedin.com/in/pawel-iwaneczko-61590710a/>

HOBBIES

book, theatre, movies, music, tourism and recreation, football, tennis, swimming, programming
